Recommendations:
For this collection, please feel free to use any weight or color paper. Card stock weight paper is not necessary, but we do recommend it for best results. This collection looks sensational on white paper. For a different look, use glossy or matte photo paper.

Is your page printing too small, or too large? Adjust the page scaling percentage in the print dialogue box of your Acrobat Reader program.

Personalization:
To customize the following items in this party, you will need Adobe Acrobat Reader. For best results, download version 9 or later, offered free of charge at http://get.adobe.com/reader/.
