FLIGHT XO XO

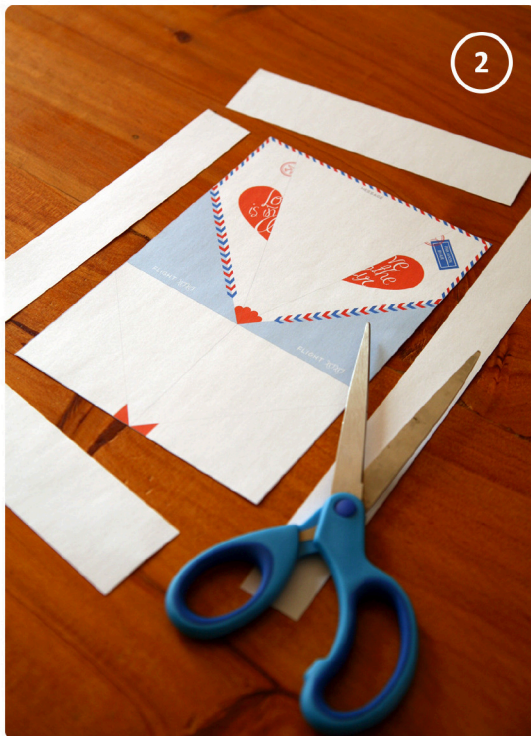

FLIGHT XO XO

Instructions for Paper Airplane Card

Print out your card

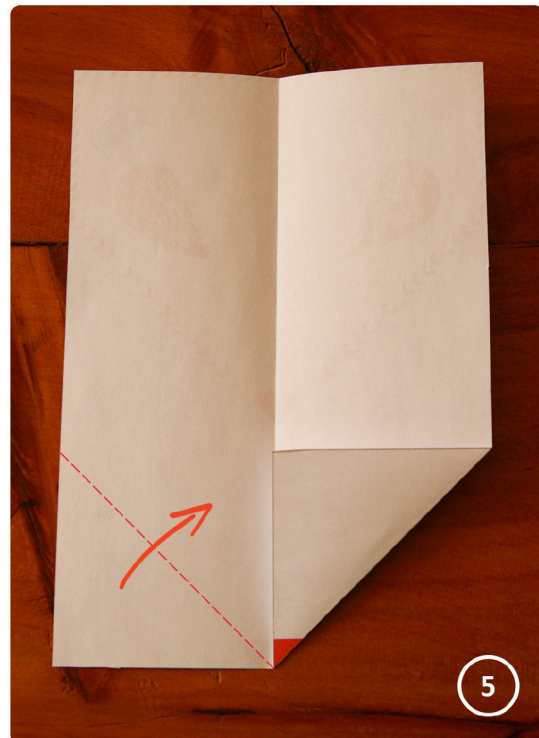

Cut out your card by cutting along the outer most solid gray lines

Write your personal message in the section indicated

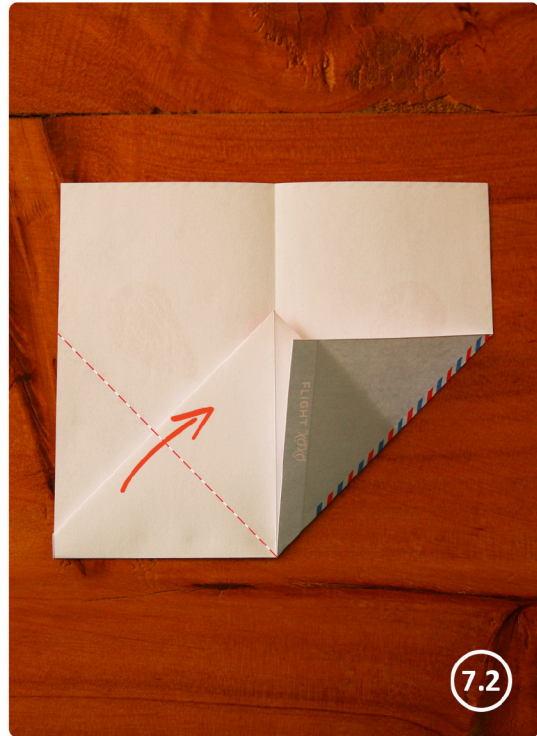

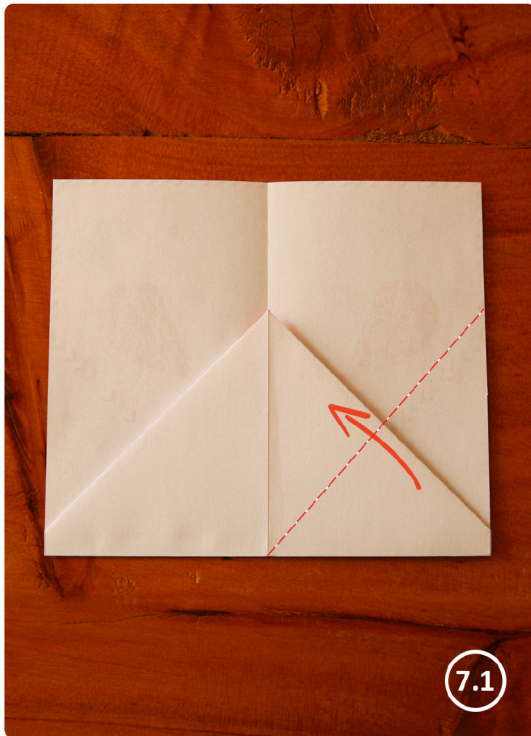

Fold your card in half vertically. Then unfold

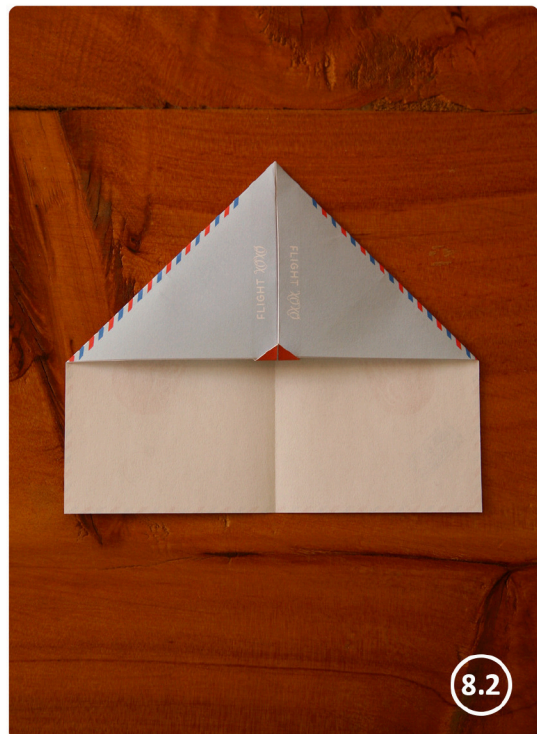

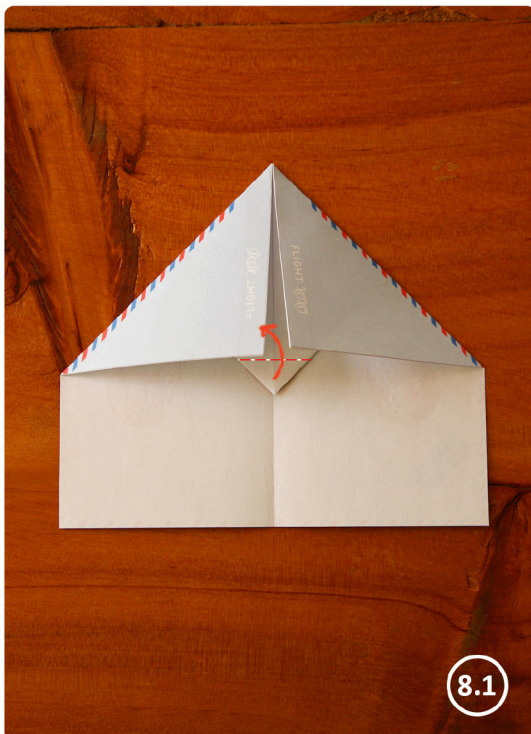

Flip the card over so that the printed side is facing down. Fold the lower left and right corners to the center fold line

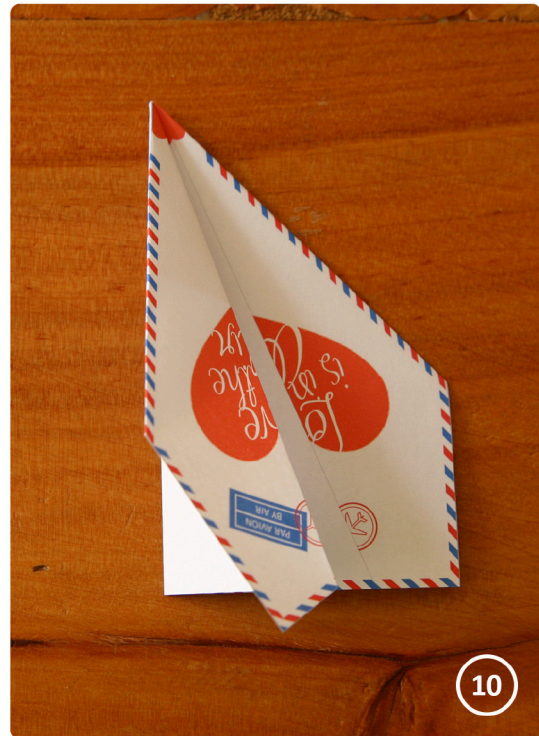

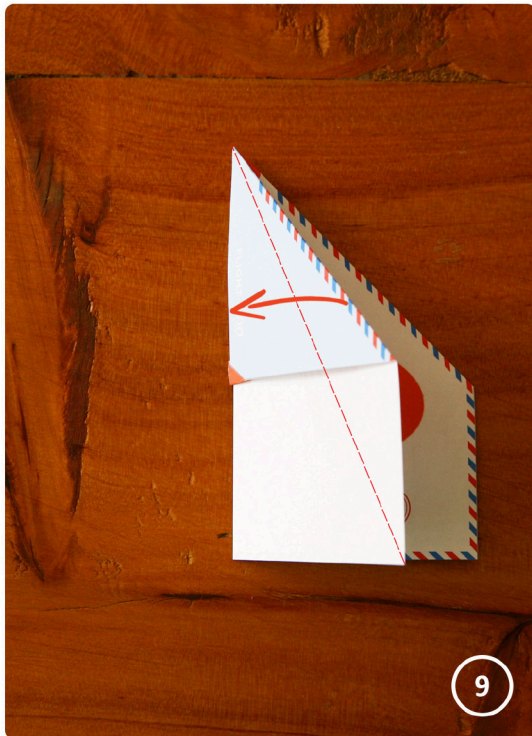

Flip the card over so that the printed side is facing up. Fold down the pointed end horizontally along the dotted line that runs between the white and light blue sections of the card

Flip the card over so that the printed side is facing down. Fold up the lower left and right corners towards the center fold line

Fold over the pointed flap to reveal a red triangle

Fold the card back in half. Then fold the wing flap so that the upper right edge aligns with the left vertical edge. Flip the card over and repeat

Your card is ready to take flight!!
